AND THE IMPORTANT NUMBER 12,862 OR  
4.83% REFERRED TO DOCTORS.**

The new WalshAllen Suresight instruments have been issued to the District Coordinators and the Area Coordinators have been or are being trained in their Use. Thanks to PDG Jeff Abbott for having our Dist Coordinator, Area Coordinators and me for training at Cookeville a while back and they are practicing and will, in time, train screeners from the 12-0 clubs. Have patience and we will get to all who want to help in this program.

We will use the MTI Photoscreeners as long as they are serviceable so take care of them—please.!!!    Hugh Marlin-State Screening Coordinator
